

# MONTHLY SPENDING RECORD

## Keep track of your daily expenses for two weeks.

Keep a record of how you spend your money for the next two weeks. The secret is to record it when you spend it. Using a Post-it Note in your wallet or purse will help you track your expenditures. When you go for your money, make a note on your Post-it; (put the amount and what you spent your money on). At the end of the day, transfer the recorded amounts to this record. Be sure to include bills paid, along with sodas, lunches, etc.

Remember: This is for tracking your spending. .
